Pricing notes all rates:

- The Standing Charge is applied on a pence per day basis. It helps cover an energy supplier's fixed costs.
- Customers paying by Direct Debit are charged lower rates than customers paying by Cash or Cheque. If you do not honour your direct debit payments, we can require you to pay by the higher Cash or Cheque rates and your prices will increase. The difference between Direct Debit rates, and rates for customers paying by Cash or Cheque, is set out in the pricing table, above. We'll give you ten working days notice before changing your payment method.
- Mains Gas Supply rates: These prices apply to customers using mains gas and to customers using piped propane in Llanfyllin, Llanwrtyd Wells and Stornoway.
